

NUWAY 2NDS FACT SHEET

If you are reading this sheet you may have opted to buy second quality pavers or retaining wall blocks. You will need to know the following:

- ✚ Seconds (also known as rejects, run of kilns or commercials), are not covered what so ever by the retailers or manufacturers warranty.
- ✚ There is no given or implied guarantee on colours, quality, durability or breakages of the products by Nuway or its employees. You can expect approximately 5-8% of product on pallets to be broken or badly chipped. Sorting through pallets is not permitted as low pricing of 2nds allows for breakages.
- ✚ There is no guarantee on continued availability of product.
- ✚ Seconds are unsuitable for around immediate pool surfaces.
- ✚ Batches may vary, so it is advised that you purchase your pavers in job lots.
- ✚ If you order seconds site unseen from the manufacturer there is no guarantee they will be similar to the samples on display at Nuway.
- ✚ No refunds or credits will be issued from Nuway in respect of any claim in regards to any of the above points.

Thank you
Nuway Store Management
